A \$100.00 protest fee must be submitted and it is refundable if the protest is upheld.

The \$100.00 protest fee **will not** apply to a bat or player protest. Only rule protest will require the \$100.00 protest fee.

- Section 2. A game cannot be protested on an umpire's judgment call. Only **rule** interpretations will constitute a legal protest.

- Section 3. To protest an illegal or ineligible player you will need to make that protest official with the plate umpire **before the end of the 2nd inning**. Women will have the choice to hit an 11" or 12" ball and men will hit a 12" ball. Umpires will have final decision on whether a softball is legal. Section 4. For the Spring 2025 Season we will not be testing every single bat. If an Umpire, Coach, or Field Supervisor suspects that a bat has been tampered with the bat will immediately be pulled by the Field Supervisor and tested at the field. If the bat fails the compression test AND shows signs of being tampered with then the bat will be deemed illegal and will not be allowed to be used in any Cabarrus County sponsored leagues.

Penalties:

First Occurrence – If a bat is questioned and fails the compression test then the bat will be removed from the game. The owner will receive a documented warning and the bat will be recorded. If the owner is not identified, then the bat will be confiscated.

Second Occurrence – If the same bat is discovered **IN PLAY**, then the owner will be immediately disqualified for that game PLUS 2 additional games.

Third Occurrence – If the same bat is discovered **IN PLAY**, then the owner will be immediately disqualified and banned from CCALP Adult Athletics for two full years.

Refusal of testing results in bat being considered illegal. If anyone is found tampering with stickers on bat's (i.e. removing and putting on a different bat) that player may be subject to a one calendar year suspension.

Section 5. Home Plate

- i. Extension Mat-The League uses a home plate extension mat. Any legally pitched ball that hits the extension mat is called a strike (a ball that hits home plate will not be called a strike, ball must hit the extension mat).
- ii. Scoring Home Plate- The Scoring Home Plate will be in play for ALL games. The second home plate (scoring plate) will be located eight feet from the back tip of home plate on an extended line from 1st base. Defensive players touch the original home plate and runners touch the scoring home plate. All defensive plays at home plate are force outs. There will be a commitment line on the scoring third base runner's line. Once a runner crosses the commitment line they must go home and may not return to third base. If a player touches the original home plate then it is declared an automatic out. There will be a two week grace period at the beginning of the season for this rule to be implemented.

ARTICLE 6. PLAYING RULES – Local League Exceptions

Section 1. The Park Program Supervisor may add to and alter existing rules to keep the program goals and objectives attainable.

Section 2. Cabarrus County Active Living and Parks Dept. will provide a scorekeeper for all games.

Section 3. The following run lead shall be in effect for all games:
20 runs after 4 innings
15 runs after 5 innings

Section 4. A batter will have a one and one count when they enter the box.

Section 5. There is a 10-minute grace period for first game only. Once starting players arrive game will begin with 1-hour time period starting.

For games with a 8:00PM/9:00PM start time: Game play can start earlier than 8:00PM/9:00PM if **BOTH COACHES** agree to that. Otherwise 8:00PM/9:00PM is designated start time.

Lineups are to be turned in to the scorekeeper 10 minutes prior to each game. Lineups must have first and last names and numbers on it. A coach is allowed to make changes to the lineup before the first pitch without any penalty. If lineups are not turned in, game time will start at umpire's discretion.

If a player arrives after the game begins, they need to check-in with the scorekeeper to be added to the lineup card and be deemed a legal player.

Section 6. Games will last 7 innings or one hour in duration. Time begins when the umpire tells the team to hit the field. When the time expires, the inning you are in must be completed - unless the home team is batting and winning then the game is called at that point. A new inning begins when the final out of the previous inning is made.

Section 7. All games that are tied after the completion of their 1-hour time limit will complete their game in a 1-Pitch format. 1-Pitch is played the exact same as a normal game except you receive a 1 pitch per at-bat (with 1 good foul). If that pitch is a strike, you are out, if it is a ball you are walked.

****The International Tie Breaker rule will be in effect for all games tied after the completion of their 1-hour time limit or 7 innings played. At the start of each inning, a runner is placed on second base – this runner is the last batter to make an out in the previous inning. At least one full inning is played, if the score remains tied the same process is used in each inning until one team scores more runs than the other at the end of a complete inning.**

****The runner who is placed on second base to start the inning cannot be replaced with a courtesy runner until one batter has completed their at bat.**

Section 8. Home Run Limit will apply to the following divisions:
Men's

Two (2) HOME RUN RULE PER TEAM THEN 1-UP RULE. (This rule is defined as each team is allowed two home runs. After the second home run each team is allowed one home run as long as the opposing team gets a home run also. If the first team that gets a home run gets another home run before the opposing team it is an automatic out. The home team can tie the homeruns but cannot go 1 up in what is deemed the last inning.

Co-ed Limit of 4 home runs per game.

*****You do not have to run the bases on a home run.*****

SECTION 9. Pitcher's Protective screen purpose: The pitching screen is for the pitcher's protection only. The pitcher must use the screen in the manner in for which it was intended, the pitcher's protection.

There will be a line striped from the center of the pitching rubber extending towards home plate that will be 6 feet long. The screen may be moved right or left to accommodate pitcher preference but the inside leg must be positioned on the center line. There will also be a line 6 feet in front of the pitching rubber. The screen must be placed on this line and may not be moved any closer or further from home plate.

If the screen is not placed in the correct position and the ball is pitched it is an illegal pitch which will result in the call of a BALL. After the ball is hit the pitcher may move and become an active defensive player.

Any batted ball that hits the screen counts as a foul against the batter. Any ball that is thrown from a defensive player and hits the screen the ball will remain live, and runners can advance until the play is stopped by the umpire.

Screen DOES NOT have to be on the pitcher's glove side.

Section 10. There will be no base stealing.

- A disqualified or ejected player must be replaced by a roster player or that spot in the lineup is deemed an out when it comes up to bat. **Note:** The team can replace the ejected player if a substitute is available. If not, then that spot is an out when it comes up in the lineup. If it is a female that is ejected, then a male must be removed from the lineup to keep the male/female ratio as required. If the team cannot meet the roster requirements, then game will be declared a forfeit.
